</tr>
</tbody>
</table>
The document contains tables with astronomical data from 1852. The tables are labeled as "ASTRODIENST EPHEMERIS for the year 1852" and "heliocentric". The data includes dates, times, and various celestial coordinates such as latitude and longitude. The tables are formatted in a grid with columns for different dates, times, and celestial bodies. The data is presented in a readable format with clear headings and values.
